

IGNITING VALUES-DRIVEN LEADERSHIP

Leading Self + Leading Others + Leading the Business *An Executive Learning & Development Experience*

Don't Just Aspire—Inspire

Created and delivered by founders in the field, this program reaches beyond ideas to provide practical tools, frameworks and applications to guide you in aligning values-driven leadership with your company's core business strategy—ultimately creating sustainable business value. This experiential program produces renewed energy, clear vision and an actionable plan for yourself, your team and your organization.

Great leaders are deeply connected to their personal core. *Igniting Values-Driven Leadership: Leading Self + Leading Others + Leading the Business* is the first in a series of workshops designed to help you gain new insights into your personal leadership journey and clearly articulate the compelling legacy you intend to leave for others.

This promises to be a challenging, exhilarating and transformational experience for your heart and your head—an opportunity to develop actionable strategies for integrating values-driven leadership into every area of your life.

Blazing New Paths to Profitability

What you will learn:

- Key principles of values-driven leadership
- Why values-driven leadership is essential to creating sustainable business value
- How to translate the ideal of values-driven leadership into action
- Proven Leadership Competency Model
- Critical tools, strategies, & processes that will create outstanding business results
